### Prerequisites for the training

1. completed eurythmy training, certified by an unrestricted diploma of a Goetheanum recognized eurythmy school, integral training (specialization in eurythmy therapy) or a medical degree.
2. familiarity with the fundamentals of anthroposophy and its recognition.
3. sufficient knowledge of the German language, both written and spoken. (For English, French, and Italian speakers, special solutions will be set up).
4. medical certificate that the physical and mental conditions for the profession of therapist are given.
5. admission interview
6. recommendation: practical training in a hospital, nursing home or similar institution, with certificate. This can also be done after the first trial block, depending on the need and agreement. We will discuss whether this is already fulfilled by previous professional activities and life experience.
7. during the training period no stage commitments, or by arrangement.

## **Before the admission interview we should have received:**

- Application for admission / completed application form with a recent passport photo
- Curriculum vitae in tabular form with details of your educational background
- Letter of motivation (handwritten) describing why you have chosen eurythmy and eurythmy therapy
- Copy of the eurythmy diploma
- Copy of the medical certificate.

As soon as we have your documents, we will arrange an appointment for an interview, if the travel distance allows it.

Otherwise the interview will take place online and/or during the probationary period in the first and/or during the trial period in the first training block.

Applications and inquiries should be sent to:
